Subject UCR Settlement Agreement

Chris:

Attached, in WordPerfect, is our response to your proposed Settlement Agreement and a second WP document that compares our document to your proposal. The comparison document highlights every deviation from your proposal, including additions, deletions, and instances in which text from your document may merely have been moved to a different paragraph or section of our document.

I had hoped to send our response in Word, but our conversion software seems to have run into some unexpected glitches this evening; if you need it converted and are unable to do so, I can try again on Monday. Call or e-mail me if you have any difficulty with the attached documents.

Regards,

Fred
